

MARK CHARLES ALBRECHT

1 A. No, I couldn't remember that.

2 Q. Couldn't remember that.

3 Well then, let me ask you this, just based upon
4 your basic journalism experience, did you have any
5 awareness, while you were at SCP, that charging a Bible
6 teacher with a misuse of funds could be potentially
7 libelous?

8 A. Again, if that issue would have come up, I
9 probably would have considered whether or not it was
10 true, whether it could be documented, and then if it was
11 I would have gone ahead.

12 I personally think that it's far worse for a
13 Bible teacher to misappropriate funds than for anyone
14 else.

15 Q. Okay. Would you as a director of SCP have
16 allowed a publication to represent that Witness Lee had
17 misused funds without having some documentation of it?

18 A. No.

19 Q. Would you agree, that that would have been
20 irresponsible journalism to so publish?

21 A. Yes.

22 Q. Now, let me ask you, based upon your
23 knowledge of Neil Duddy, would he have been aware of that
24 basic premise that you don't make statements about a
25 Bible teacher misusing funds without being able to
26 document it?
