Dear William:

Thank you for your application to the Master of Arts program at Fuller Theological Seminary. We will be doing our best to process it as quickly as possible. In order to facilitate the process, we will need your continued help in collecting the materials which go into making your file. We will be evaluating you using several tools including your academic record, reference forms, statement of Christian experience and health report.

One of the tools which is very helpful to us is our reference forms. Often they paint a good picture of who you are, both your strengths and the areas in which others perceive that Fuller can best help you. These forms are used by the Admissions Committee as part of the admission process, and later by your academic advisor. Your advisor is able to help you personally since the reference forms often reveal whether you need specific help in such areas as communication, counseling or theology.

I have enclosed these forms with this letter and would like for you to read them. In addition, we would strongly encourage you to sign the waiver on the back of each form before distributing them to the persons designated. If you voluntarily sign the waiver, the form will be kept confidential, and may not be seen by you once the referee has submitted it. As a result, those who will complete your reference forms will tend to be more candid if they know that you will not be looking at the reference form in the future. We can, in turn, better serve you because the admissions committee and academic advisor will be able to discern areas in which we can be of specific help that may not otherwise appear. When you have completed reading these forms and signing them, please distribute them to the designated persons. It would probably be of some help to them if you would also give a stamped, addressed envelope to them, in which to return the form. They should be sent directly to the Office of Admissions at the Seminary.

Thank you for your help in completing your file. You will be notified regarding your acceptance as soon as the file is completed.

Cordially,

Cecil M. Robeck, Jr.  
Director of Admissions
