

1 says, The Way International. Do you see that?

2 A. Yes.

3 Q. And then it says, this is from
4 Messiah Lutheran Church's website. Select whatever you
5 like.

6 A. Yes.

7 Q. Do you see that?

8 A. Uh-huh (affirmative).

9 Q. What do you take that to mean or what
10 do you recall that meaning, select whatever you like?

11 MR. WILLIAMS: Object to form.

12 A. I don't remember at all. I don't
13 know.

14 Q. Do you recall whether or not Weldon
15 asked you to select substantive passages for the chapter
16 on The Way International?

17 A. No, I don't recall that.

18 Q. Do you recall specifically that he
19 did not or is it possible that he did?

20 A. I don't know.

21 Q. Describe to me what your various
22 tasks were in relation to the book.

23 A. Let's see, there was marking the
24 manuscript for style for the typesetter, there was all
25 the procedures for copy editing, looking up -- and

1 looking up Bible references. Those are the three main
2 tasks that I -- procedures or whatever that I can
3 remember.

4 Q. And describe in a little more detail
5 what looking up Bible references was.

6 A. Well, this manuscript was loaded with
7 Bible references. And, if I recall it correctly, the
8 part of the job for looking up Bible references was --
9 oh, man, this is stretching my memory. There were things
10 like -- I think in this book they wanted all the Bible
11 references spelled out. So like if a Bible book was
12 abbreviated it had to be spelled out, so it was the copy
13 editor's job to spell those out. So like if Philippians
14 was abbreviated, I would make a note on the page and
15 spell out the book Philippians.

16 I had to look up -- we tried to -- I think we
17 tried to universalize the references we were using, so I
18 had to -- there was so many references that came from
19 different translations, so it was my job to look up with
20 each translation what translation it was and then note
21 that in the manuscript. So if it was the NIV or the King
22 James or the Revised Standard or the Amplified or
23 whatever, that would have to be noted. Then I would have
24 to look in the Bible verse itself and make sure the
25 language there matched the language that was being used
